Introduction

I believe that the AMUAA Canada must be commended on their work thus far. I have no doubt that every one of us will appreciate the priceless time and effort that our seniors have spent since 1992 to keep the AMU spirit alive in Canada. Where we are today is only due to their outstanding service. I am privileged to have worked with our seniors and our new Aligs over the past 17 years.

My vision

I am now well placed to take the Alig movement forward with the help and contribution from all of us. I am going to build on the foundations which have already been laid down, and will ensure that every Alig will benefit from the Association they proudly represent.

Objectives

First, I am going to enhance our association's public presence by redeveloping our website, social media (Twitter, Facebook, LinkedIn), print and electronic media profile

My executive committee will harness the talent of all Aligs to reach out to other social organizations and build a strong network of resourceful people (business and governments) to help us in the following endeavours –
